The cuneiform inscription above is the earliest known written appearance of the word "freedom" (ama-gi) or liberty. It is taken from a clay document written about 2,300 B.C. in the Sumerian city-state of Lagash. An Anarchist Society is a voluntary, non-hierarchical Society in which the political and social structures are organised so that all people have free and equal access to the wealth and decision making power of that Society.
